PROFILE

Digital strategist with 6+ years' experience across paid media (Google Ads), SEO, social media performance support, Webflow development, and advanced measurement (GA4, Google Tag Manager, data layers).

Strong background in automation and scalable workflows using Airtable, Whalesync, and API-driven processes, alongside hands-on Webflow builds and CMS optimisation.

Deep personal interest in AI and the evolution of search behaviour, with ongoing research into Answer Engine Optimisation (AEO) and how AI-driven answer surfaces influence SEO, content structure, and performance strategy.

SKILLS

- **Paid Media:**

Google Ads (Search, Shopping, Display, YouTube, Performance Max, AI-Max), remarketing

- **SEO & AEO:**

Technical SEO, content optimisation, schema, AI-influenced search research

- **Social Media:**

Meta, Pinterest, TikTok (pixel setup, campaign setup, performance analysis)

- **Analytics & Tracking:**

GA4, Google Tag Manager, Looker Studio, Supermetrics, Catchr

- **Web & CMS:**

Webflow, Shopify, WordPress, HTML/CSS fundamentals

- **Automation & AI:**

Airtable, Whalesync, Zapier, Cursor IDE, MCP tools

EMPLOYMENT HISTORY

Feb 2025 — Present

Digital Strategist

Strategy Creative, Christchurch

- **Signature Homes:**

Webflow development and optimisation for large-scale client builds, focusing on CMS scalability and performance. Built internal automation using Airtable and Whalesync to manage and sync thousands of CMS items. Developed internal tools to bulk-convert and compress images to WebP. Supported GA4, GTM, and Google Ads implementations.

[Signature Homes](#)

- **PGDB – Ask for Licensed campaign:**

Developed social media and Google Ads strategy, achieving over 5M impressions and 1.4M+ YouTube views; contributed to creative concept development and designed campaign funnel strategy.
